

SAP University Alliances

SAP® CERTIFICATION COURSE FOR STUDENTS

For the first time, the SAP® University Alliances program and the SAP Education organization have collaborated with a number of universities as part of a pilot project to offer business and technical students the opportunity to take part in an SAP certification course during their studies.

Training Date:

9-20 July 2012

Examination Date:

24 July 2012

Fee: 125,500 Naira (600 EUR)

(inclusive of Certification Examination)

Venue:

Department of Mechanical Engineering
Covenant University

Canaan land, Km 10, Idiroko Road
Ota, Ogun State, NIGERIA

Eligibility:

NYSC members, Fresh Graduates
and enrolled students at any institution
of higher education.

TERP10

TERP10: SAP ERP – Integration of Business Processes is a 10-day training course held at the universities participating in the pilot project. The students learn how the fundamental integrative business processes in procurement, production, planning, project management, sales, customer service, asset management, financial accounting, human resources, and analytics interact within the SAP ERP application.

The course provides students with a broad basic knowledge of the core business processes, business interrelations, and integration of business processes in SAP ERP.

At the end of the course, students take a certification examination. If they pass the examination, they receive an SAP certificate, which is a fully recognized qualification in the industry.

Students can get more information about what the course offers and conditions for training events and certification by contacting the universities participating in the pilot project.
